

Low Energy Victorian House?

Can We Do It?

Yes We Can !

Featuring:
Victorian House; Committed Council; Traditional Builders
& Surveyors; Conventional Techniques; Expert Advice;
Supporting Cast

Featuring - 17 St Augustine's Road

- Built around 1850
- 60% of Camden is within Conservation Areas
- 56% of housing in London is of solid wall construction.

Cast of thousands

- Camden Council – funded and project managed construction including sustainability elements
- Urban Buzz – funded research elements
- UCL, Bartlett Graduate School – research and dissemination.
- Sustainable Energy Academy - dissemination & organisation.
- Lengard - Contractors
- Landers & Associate – Designers and Building Surveyors
- Kingspan – Insulation design and donation of insulation.
- Other partners - Camden FoE, Green Homes Concierge

Interesting Challenges

Thermal Bridges galore

Surreal and idiosyncratic decor

Conflict in production

- Emissions Reduction

Reduce energy use as much as possible

- Building Conservation

Preserve heritage

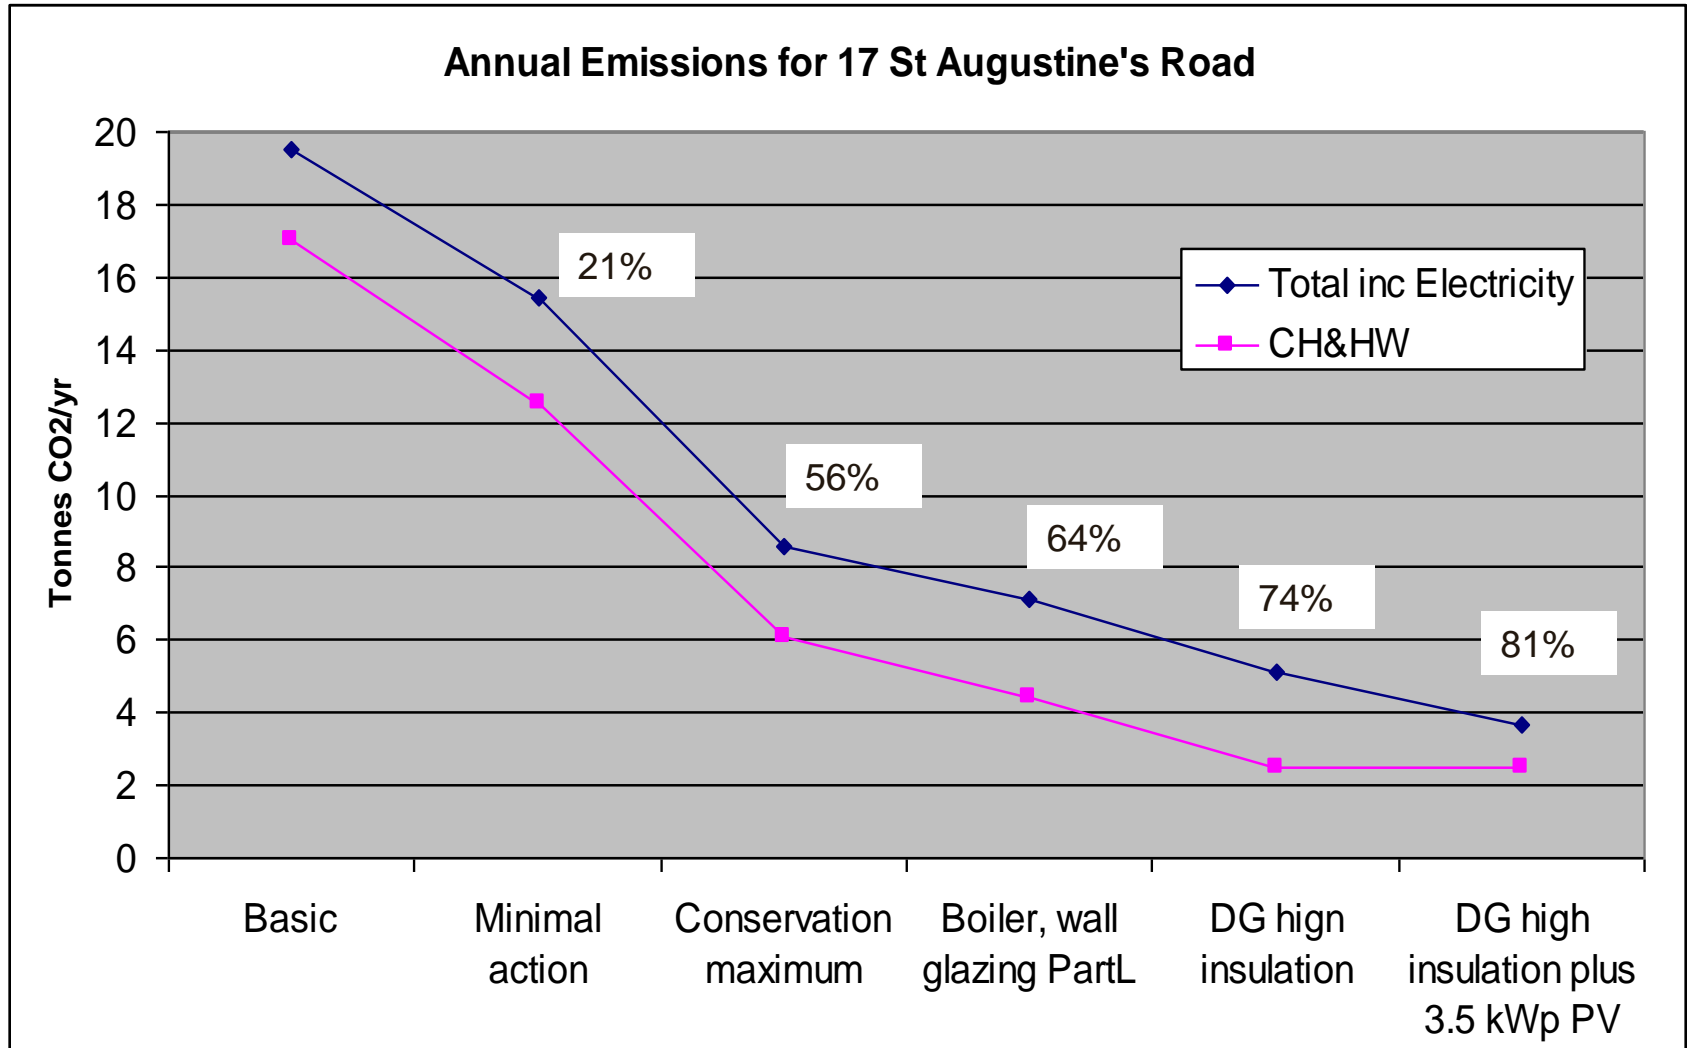

- Housing Management

Bring the house back into social housing as cost effectively as possible

Synthesis – energy reduction and housing management

- Double glazed windows 1.5W/m²K
- Floors 0.20 W/m²K
- Sloping Roof 0.11 W/m²K
- Flat roof 0.20 W/m²K
- Wall insulation to 0.20W/m²K
- 6m² Solar Thermal
- 3.5 KWp Solar PV
- Localised Heat Exchange Ventilation

Impact of energy efficiency measures

Costs

	cost	tonnes CO2
• Solar PV	£25,000	1.4
• Solar Thermal	£8,000	0.5
• Double glazing	£24,000	1.3
• Roof Insulation	£6,600	3.4
• Wall insulation	£11,000	3.3
• Leakage reduction	£2,666	1.0

On Location Jan 2008

Structural work was required

Insulation Insulation Insulation

House was extensively insulated with tool talks by UCL

Insulation what it looks like

Insulate the space between the floors and ceilings.

Air leakage is key.

July 2008 in the can.....

Just like new

With renewable additions

But not perfect

Wood work

Plaster work

Where to now for 17 St Augustines Rd?

- UCL monitoring of house in use
 - Behaviour change issues
 - Bedding in of equipment
- House Visits
 - Visits by appointment 2nd Thurs 5pm to 6pm
contact chit.chong@camden.gov.uk
- Heritage Issues
 - Whose Heritage is it anyway?

What's next for Camden?

Low energy dwellings

- Eco Home2 - Retrofit for the Future and CESP

Saving Energy

- Behaviour Change – microeconomic study
- Cavity Wall - CERT and other funding
- CHP - GLA funding

Chit Chong, Energy & Sustainability Manager
